MANAGER

Work of Registration
Officers Voluntary
Patriotic Fund Society
In Charge.

Mr. Knowles, registrar for the Macleod district in connection with the registration of June 22nd, acting through W. L. Ouiette, secretary of the local branch of the Patriotic Fund Society, has made arrangements to have the Coleman district organized for this purpose.

At a meeting of the P.F.S., held on Monday evening, it was decided to endeavor to have the work done by a volunteer corps and it is estimated that twelve deputy registrars, a like number of assistant deputy registrars, also a number of clerks will be required for the occasion.

Arrangements were made that employees of the mines would be provided with booths at or near their work, while all others will register at the public school building.

Forms of registration in the different languages will be posted at an early date, from which all required information may be gathered. It is imperative that all males and females of 16 years and over on June 22nd must register, penalties being provided for failure to comply with the terms of the proclamation.

In connection with the above the Secretary will be pleased to receive the names of all who desire to offer their services for this work.

A meeting of the volunteer workers and the committee will be held at an early date and the matter will be fully discussed and oaths of office administered, those appointed deputy registrars and their assistants.

The Boys' Club of the Institutional Church have tendered their services in connection with the above registration.

Fernie Dramatic Club, Opera House, Wednesday, June 5.

Automobile Association
After Better Roads
Send Delegate To Ed-
monton.

At a meeting of the Crows Nest Automobile Association, held at Blairmore on Monday, Mayor Alex. M. Morrison, of Coleman, was selected to represent the local association at Edmonton in an effort to induce the Government to make some very necessary improvements on the roads in this district.

Mayor Morrison is now at the capital.

MARRIED

SMITH—GILLESPIE

At the home of the bride, on Friday evening, 24th May, Private Omond S. Smith and Elizabeth Gillespie were united in marriage.

The Rev. D. K. Allan officiated. The bride was assisted by Mrs. Louise Hoggan and the bridegroom by Mr. Jack Rogers. There was a large number of friends present, and after the ceremony the company sat down to a splendid wedding supper.

FOREST RANGERS ASK FOR
ASSISTANCE

Several forest fires have already occurred in various parts of Canada this year. In practically every case the cause was traced to human hands—a tossed-away cigarette, a neglected campfire, or similar act that at the moment seemed trifling. Settlers, anxious to burn their 'slash' in the hottest weather, without obeying Government regulations are a prolific cause of forest fire every year. The rangers of this province are asking the co-operation of every man, woman and child this year so as to keep the forest losses down to a minimum as a matter of decent patriotism. Special efforts are being made to provide fire fighting equipment but the main task is to prevent fire from starting. This is a comparatively simple matter if every camper puts out his campfire, every smoker extinguishes his cigarette and match before tossing away, every settler guards his clearing fire, when a bush fire is seen, instant word should be sent the nearest fire ranger, railroad agent or municipal officer.

NOT DEAD BUT NEAR IT

Field Marshall von Hindenburg, chief of the German general staff, is in a hospital at Strassburg, suffering from typhoid fever, according to reports received in Switzerland. These advises state that the report of Von Hindenburg's death is incorrect, but that his condition is critical. Typhoid fever is said to be spreading rapidly in the German army.

Dr. Olivier left for the East on Wednesday night to spend a vacation and incidentally transact business of importance. On the trip the doctor will visit Chicago, New York and other United States points, returning via Quebec. Dr. Lubenckque is in charge of his practice during his absence.

W. E. Robinson, surveyor for the International Coal & Coke Company, left for Calgary this week where he will enter the employ of the Dominion Government in locating returned soldiers on the land. He is succeeded here by A. Clement, late of the office of the Commissioner of Irrigation at Calgary.

Sloan's Liniment

KILLS PAIN

The Cost of Tea

Universal Beverage Was Once Much More Expensive Than Now

Tea at 4s per pound can hardly be considered cheap, but in the 17th century this universal beverage was very much more expensive. We find Lady Newdigate, for instance, writing to her husband in 1781: "Enclose Mr. Barton's account for tea, the sum right out of the sum of the tea rung up as Mr. B. says it does—near eighty pounds a chest, it will answer well. The best is full 16s a pound, but Munday's and Newdigates, who have also a tea room, have also had the show since the new tax was laid, say it is better than what you can buy for 18s."

It was at Garaway's coffee house in Exchange Alley that tea first offered to the public. It was advertised as "made according to direction of the most knowing merchants of those eastern countries." It was retailed from 16s to 50s a pound—T.B. Bits.

Minard's Liniment Cures Distemper

While we talk of standardized ships and what not, it is interesting to note that perhaps the greatest triumph of the 17th century was the census. There are big and little censuses in the world, but the ring is always of the same diameter, for the bare back rider has discovered the exact angle at which he can score the circus. No matter whether it be a ring out in the uff or a luxuriously appointed theatre, the circus ring never varies an inch.

REMINGTON'S BEST GRAULATED SUGAR \$3.50 PER HUNDRED. Sunlight, Gold, Surprise or Comfort Soap, bars 25c, 50c, 75c, 10c. Peppermint 25c, 50c, 75c, 10c. Lard 10c. Headquarters Explains
Re-Attestation Ruling

Headquarters Acquired in Service in Canada Given Same Consideration
That Received Overseas

A discharged soldier suffering a recurrence of a disability, pronounced by the medical officer to be due to military service, is entitled to re-attestation on pay and allowances when he is called to duty again in a military convalescent hospital. A case arose recently where a discharged soldier who had never been a prisoner of war experienced a recurrence of his disability as a result of his service in a Canadian camp. He applied for treatment but the local officer was not sure that under P. C. 508, the order in council, designed to permit the re-attestation for treatment of a disability under certain circumstances included men who had not been overseas.

He applied to the headquarters of the M. H. C. at Ottawa for instructions. It was informed that the order in council did not include men between overseas men and men whose disability was acquired in a Canadian camp, provided the M. O. declared that the disability was due to service.

BUSINESS LOCALS 15¢ per count line.

DISPLAY ADVERTISING Rates on application.

COPY for changes or alterations of Display Advertisements must reach this office not later than Tuesdays noon of each week, and any such copy arriving after that time will be held over till the following week.

B. N. WOODHULL, Editor and Publisher.

COLEMAN, ALBERTA, FRIDAY, MAY 31st, 1918

Editorial Comment

The Author's Apology.

The perusal of this paper will excuse the use of the doubtful phrase "It goes without saying" in connection with the resuming of publication of The Coleman Bulletin.

It must have been a case of mental telepathy on the part of the Coleman Board of Trade that caused the writer to make a beeline from a distance of several hundred miles to make an effort to quench the longing of that organization to have a newspaper in town. At any rate it is safe to admit that the discovery of their wish was not without its influence in regard to the promptness displayed in staying here. A town looking for means to improve its position is invariably a more attractive proposition to a newspaper man, at least, than one where everyone is satisfied with what has been achieved.

Under the circumstances it will be unnecessary to dilate on the unadulterated blessing a newspaper is to a community—Coleman's leading citizens had already arrived at that knowledge before their call for help. Also, it is gratifying to find that the editor's leading articles will not be wasted on the mountain air altogether, as a particularly successful subscription contest was held before publication was suspended, assuring The Bulletin of a large and influential class of readers. To this excellent list it is hoped all and sundry late arrivals in the vicinity will be added—a sort of pot boiling reinforcement.

In regard to policy there is little to say. An effort will be made to please the people of Coleman, and just what will please them in a newspaper is yet to be discovered. In the operation of the plant The Bulletin will not be a secondary consideration. Every possible effort will be made to attend promptly to orders for job printing, but the paper will not be sacrificed for this purpose. Barring accidents the weekly will reach its readers regularly.

Naturally, success is anticipated, and the surroundings seem to assure this. There is distinctly room for and need of a newspaper in Coleman. As a business proposition the town is sound to the core, and there is no reason to consider it would be misjudging the business men to state that they are up-to-date and progressive. Taking the foregoing for granted, there would seem to be nothing further necessary than a reasonably well-conducted newspaper business to insure all-round satisfaction. The Bulletin is tackling the job.

War Situation is Hopeful.

The progress of the war is naturally first and foremost in our thoughts today. The advance made in the German drive of the spring, with a further tremendous effort in anticipation, leaves a feeling of suspense in all the allied countries. But while the most optimistic observers of the war punctuate their conclusions with a considerable sprinkling of "ifs," there remain many grounds on which to base a feeling of security in regard to the final outcome.

While the submarine is still a menace, it is now a question whether the undersea craft is not in greater danger than the vessels on which it preyed formerly with impunity.

All the evidence goes to show that the allies have developed and are maintaining a marked superiority in the air, and many of the critics are of the opinion that the aerial service will be one of the big factors in concluding the war.

The extended check to the German advance has permitted extraordinary preparations for receiving him when he comes, and it is very doubtful if anything like the advance of the former drive can be achieved, regardless of the sacrifices the Germans are prepared to make. Meanwhile every day's delay sees further strengthening of the allies lines.

The food situation in the Central Empires, too, is evidently growing acute, recent dispatches indicating that it will be difficult for the people to live for the two months intervening before harvest. Famine may be a big item in the next few months of the war in favor of the allies.

On the whole the outlook is fairly reassuring, and the magnitude of the operations under way must mean a short time limit for the duration of the present phase of the war.

Men of Nineteen to Report.

As will be seen by reference to an advertisement appearing elsewhere in this issue, every male British subject resident in Canada, born on or since the 13th of October, 1897, and is 19 years old, must report on the first day of June.

This is not an indication that this class will be called to active service, and further notice will be given before they are so called.

Failure to report will leave the individual liable to severe penalties under the Military Service Act.

Coleman's Y.M.C.A. Contribution.

Coleman may well be proud of the success achieved in the canvas for the Red Triangle Fund, and those in charge of the local drive are to be congratulated.

The fact that the amount raised was considerably more than twice the amount allotted is a good indication of the efficient manner in which the canvas was handled, and also of the liberality of the canvassers.

The appeal was in a good cause and the response was generous in the extreme.

Colonel Harvey Cheers Up.

(North American Review's War Weekly.)
We pay no attention whatever to untrustworthy reports and intimations from London and Washington.

These are the facts which come to us directly from abroad:

Foch has 900,000 reserves of French, British and Americans, in perfect condition, who have not yet been put into action, but can be at any moment.

England has approximately 600,000 fully trained men, of whom at least 400,000 can be placed on the line within 20 hours.

While Mr. Baker was away the United States, under the compelling force of General March, efficiently aided by General Goethals, dispatched to France 250,000 men in addition to the 150,000 already there, and will send 200,000 in May and 300,000 in June unless Mr. Baker intervenes. That will add nearly 2,000,000 of fresh fighting men to the western front for the allies, while the enemy has less than 1,000,000 of reserves.

It all resolves to this: If the British and French can hold on for a few weeks we have the enemy licked—licked at least to a standstill until America can and, the administration permitting, will get her full force into action and, let us hope and pray, eventually—win the war. Suffice it for the present: They can not pass!

A Casual Matter.

Readers of newspapers notice the frequency of typographical errors in figures. Millions and billions are mixed in head lines and news stories, and the errors escape editors, compositors and proofreaders. This is a sign of the age. Once upon a time, as the old story books would say, a billion dollars was an impressive sum that attracted notice and was carefully verified. Now it is so common that it fails to fix the attention. The world has entered a new era of wonders in which most of us live unconscious of their significance, taking them for granted as commonplace, though most of them were unknown ten years ago. —New York Commercial.

As Independent as a German.

Emperor William, in a proclamation announcing the "Independence" of Lithuania, says that the new state will share the "war burdens of Germany." Lithuania will realize what their independence means. —Syracuse Post-Standard.

So popular has the R.N.W.M.P. overseas force proven that it has already been recruited 200 above the strength of a cavalry regiment, and steps are now being taken to recruit the unit to a brigade (three regiments) and the officers are confident this can be done in a month.

Now that Quebec is in line for the prosecution of the war Ireland is the only portion of the British Empire that is out of tune. It is to be hoped the difficulties existing there will be removed in the near future.

Will Receive the Right Kind of Attention
At The Bulletin Office.

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATION.

The sole head of a family, or any male over 18 years old, may homestead a quarter-section of available land in the Canadian North-West Territories and hold it for a term of twenty-one years at an annual rental of \$1.00 per acre. Not more than 5,000 acres may be leased out.

Application for a lease must be made by the applicant and his wife, or by his agent, to the agent of the district in which the rights applied for are situated.

In unpeopled territory the land must be described by sections, or legal sub-division of sections and the name of the holder and his wife, or his agent.

Each application must be accompanied by a fee of \$5 which will be refunded if the rights are not granted, but if granted, the fee will not be returned.

A royalty shall be paid on the merchantable amount of coal mined on the land for which a lease is granted.

The person occupying the land must furnish the full quantity of merchantable coal mined per acre per year, and the coal mines which are not being operated may be required to furnish at least once a year.

The holder may cultivate any surface right, but the lessee may be permitted to purchase whatever available surface right may be contained in the lease, at the rate of \$10 per acre.

Full information application should be made to the agent of the district, or to the agent of the interior, Ottawa, or to any agent or sub-agent of the Dominion Lands.

"The

COAL OPERATORS WILL BOOST ALBERTA'S COAL

Advertising Campaign Will Be Put On In Prairie Provinces.

“We put Alberta on the map as a coal country” will be the sole aim and duty of a committee appointed by the coal operators of the provinces at a meeting held in Calgary last week. The committee is made up of O. E. W. Whiteside and J. Charbonnier, for the Crows Nest district; W. F. McMullen and J. McCauley, for the Drumheller district; Mr. Stock and Mr. Howard, for the Lethbridge district; Mr. Pitcher and Mr. Dunn, for the Edmonton district.

“Publicity until it hurts” will be the slogan of these men, and the operators will cooperate with the provincial government and raise money to advertise in a systematic manner all over the prairie provinces with a two-fold purpose in view, namely, to impress the necessity of the people in Alberta, Manitoba and Saskatchewan in laying in their winter coal at once, when transportation can be assured, and to advertise to the people of the eastern prairie provinces the good quality of Alberta coal.

The people of Winnipeg will have to depend upon Alberta for at least fifty per cent of their coal and all points west of there will have to depend on the Alberta fields for all their coal. If they do not realize this and do not start to lay in their supplies while transportation is available they will simply be out of luck next winter when they must have fuel.

These steps were taken and this committee was appointed as a result of a general meeting held previously presided over by John T. Sterling, fuel administrator for Alberta, at which Acting Premier C. R. Mitchell and C. W. Peterson, Canadian deputy fuel controller, were present.

Will Not Follow Germany's Example.

Conscription of Alien Labor Would be Des- cending to Level of Huns.

Sir Robert Borden has given a definite reply to a request for the conscription of alien labor during the war. In refusing the request the premier points out that in addition to the likelihood of reprisals on Canadian prisoners in Germany, Canada cannot afford to adopt German methods in the treatment of aliens.

TOBACCO GOES UP!
At last the tobacco user is feeling the pinch of war times, recent changes raising this staple sedative in price to the tune of fifty per cent. The opportunity is now afforded to lovers of “My Lady Nicotine” to show their patriotism by putting themselves on no allowance and contributing the consequent saving to one of the many deserving war funds so greatly in evidence these days. The tobacco habit is a “filthy habit,” anyway, and the bride-to-be of the future will have financial reasons to justify the urging of total abstinence on the part of the prospective bridegroom. Fifty or one hundred years from now the only use recognized for tobacco will be as a lotion for the skin of live stock and, perhaps, the fumigation of house plants.

ENEMY IS WOUNDED AND BLINDED

(The Spokane Spokesman-Review.)
From the long battle front comes the cheering statement that the allies have the mastery of the air in every section from the North Sea to the Swiss frontier.

Since the beginning of the German offensive, exactly two months ago, 2,000 German airplanes have been brought down or driven down out of control and more than 1,000 tons of bombs have been dropped over the enemy's lines.

There lies one explanation of the enemy's delayed renewal of the drive. He is wounded and blinded—wounded by the appalling losses inflicted upon his assaulting armies and blinded by inferiority in the air. Apparently he is groping his way back to another attack.

Every day now gained before the renewed attack, is an advantage fighting on our side. American man power is going across in a constantly swelling stream, giving the allies renewed courage and increasing strength.

Each added day helps General Foch to brace his line for the impending assault. Every waiting day saps a little of the spirits of the war-weary German people, who were promised a quick and easy victory nearly four years ago and have heard these promises reiterated with resulting disappointments that must leave them heartick.

Lord Reading, the British high commissioner to the United States, sagaciously tells us that the crisis is not yet passed and will not be passed until the safety of the channel ports is assured, but signs abroad that the worst danger is gone.

It would be foolish, though, for the Americans people to be in the slightest degree the intensity of their resolution or the energy of their preparations. American strength is the antidote to Russian weakness. As the allies were depressed by Russia's collapse, so American determination will carry depression into Germany. The one is discounted now, the other is coming stronger every day.

General News Notes.

Crop prospects in the prairie provinces are reported as excellent.

Canada used 4,000 barrels less flour in March than in February. The price increased about 7 cents per hundred pounds.

United States railroad men will have an 8 hour day and increased wages to the extent of \$3,000,000 during the coming year.

Bulgarian troops stoned the train in which the Emperor and Empress of Austria were returning from a visit to Constantinople.

Death from the use of denatured alcohol are reported with regularity. Five men at Windsor, Ont., were victims of mixing it with near beer. The love of booze dies hard.

Sailors and returned Soldiers damaged the city buildings in Halifax to the extent of several thousand dollars in a riot on the city on Saturday night. The refusal of a sailor to pay for a cake of soap was the origin of the trouble.

Women pickpockets operated in the crowd which crowded the Union station platform in Winnipeg when drafts of the Fort Garry Horse and depot battalion left for overseas. Six of their victims have reported the loss of purses to the police.

Uruguay has just reported a wheat crop three and a half times larger than that of a year ago, South Africa 84 per cent larger, New Zealand 60 per cent larger. If the wheat producers in the Northern hemisphere do as well this summer, the food difficulties may be overcome.

MILITARY SERVICE ACT, 1917

PUBLIC NOTICE is hereby given that, by the effect of the regulations of the Governor General of Canada in Council of the 20th of April, 1918, and the Proclamation of 4th May, 1918, recently published, every male British subject resident in Canada, born on or since the 13th of October, 1897, who has attained or shall attain the age of 19 years and who is unmarried or a widower without children must, (unless he is within one of the classes of persons mentioned in the schedule of Exceptions to the Military Service Act) report as hereinafter directed on or before the 1st day of June, 1918, or within ten days after his 19th birthday, whichever date shall be the latter.

Such report must be in writing and must give his name in full, the date of his birth and his place of residence and also his usual post office address.

The report must be addressed to the Registrar or Deputy Registrar under the Military Service Act in the Registration District in which he resides (see below) and shall be sent by registered post, for which no Canada postage is required.

Young men so reporting will not be placed on active service till further notice. They must, however, notify the appropriate Registrar or Deputy Registrar of any change of residence or address.

On receipt of the report an identification card will be forwarded by the Registrar which will protect the bearer from arrest.

Punctual compliance with these requirements is of great importance to those affected. Failure to report within the time limited will expose the delinquent to severe penalties, and will in addition render him liable to immediate apprehension for Military Service.

ISSUED BY THE DEPARTMENT OF JUSTICE,
MILITARY SERVICE BRANCH, this 15th day of May, 1918.

NOTE: The men required to report should address their reports as follows:

ONTARIO—To the Deputy Registrar under the Military Service Act, 1917, Quebec, if they reside in the County of Essex, Kent, Lambton, Elgin, Middlesex, Oxford, Waterloo, Wellington, Perth, Huron, or Bruce.

To the Registrar under the Military Service Act, 1917, Toronto, if they reside in the County of Lincoln, Halton, Haldimand, Norfolk, Brant, Wentworth, Simcoe, Peel, York, Ontario, Grey, Dufferin, Simcoe, in the Districts of Muskoka, Parry Sound, Algoma and Nipissing north of the Mattawa and French rivers (including the Townships of Morris and Bowditch).

To the Deputy Registrar under the Military Service Act, 1917, Kingston, if they reside in the County of Durham, Northumberland, Victoria, Peterborough, Hastings, Prince Edward, Lennox, Addington, Frontenac, Hastings, Carleton, Dundas, Glengarry, Renfrew, Russell, Stormont, Grenville, Lanark, Leeds, Prescott, or the District of Nipissing south of Mattawa river (exclusive of the Townships of Morris and Bowditch).

To the Deputy Registrar under the Military Service Act, 1917, Winnipeg, if they reside in the Districts of Kenora, Rainy River or Thunder Bay.

QUEBEC—To the Registrar under the Military Service Act, 1917, if they reside in the County of Jacques Cartier, Hochelaga, Laval, Vaudreuil, Soulanges, Naperville, Beauharnois, Chateauguay, Huntingdon, Laprairie, Argenteuil, Terrebonne, Two Mountains, Montreal, L'Assomption, Joliette, Berthierville, St. Maurice, Three Rivers, St. John, Iberville, Minisink, Birne, Shefford, Rouville, Chambly, Vercheres, St. Hyacinthe, Bagot, Drummond, Richelieu, Yamaska, Nicolet, Arthabaska, Sherbrooke, and Stanstead.

To the Deputy Registrar under the Military Service Act, 1917, Hull, if they reside in the County of Gatineau, Frontenac, Portneuf, Ottawa and Labelle.

NOVA SCOTIA—To the Registrar under the Military Service Act, 1917, Halifax, if they reside in the Province of Nova Scotia.

NEW BRUNSWICK—To the Registrar under the Military Service Act, 1917, St. John, if they reside in the Province of New Brunswick.

PRINCE EDWARD ISLAND—To the Registrar under the Military Service Act, 1917, Charlottetown, if they reside in the Province of Prince Edward Island.

BRITISH COLUMBIA—To the Registrar under the Military Service Act, 1917, Vancouver, if they reside in the Province of British Columbia.

SASKATCHEWAN—To the Registrar under the Military Service Act, 1917, Regina, if they reside in the Province of Saskatchewan.

ALBERTA—To the Registrar under the Military Service Act, 1917, Calgary, if they reside in the Province of Alberta.

MONTANA—To the Registrar under the Military Service Act, 1917, Winnipeg, if they reside in the Province of Manitoba.

YUKON—To the Registrar under the Military Service Act, 1917, Dawson, if they reside in the Yukon Territory.

EXPLANATORY

Owing to the short time at our disposal prior to this issue going to press it was impossible to call on or get acquainted with but a very few of the business men of the town, and in consequence a large number are not represented in the advertising columns.

This unfortunate state of affairs will be remedied at the earliest possible moment.

Our best thanks are due the citizens of Coleman for the unfailing courtesy with which we have been treated since our arrival here.

Finest Flower of Anarchy

Preparing Way for a Sane and Orderly System of Government

For warning Russians that they would be German slaves if they fell into the Bolshevik trap and made a separate peace with Germany, General Dukhnikov, the commander-in-chief of the Russian forces, was brutally assassinated by the crazed followers of Lenin and Trotsky. In the murder of Dukhnikov Bolsheviks and reactionaries are seen the fruits of anarchist violence. It was a violation of all patriotic Russians of what their fate would be if they fell into Bolshevik hands after resisting the plans of the arch-traitors Lenin and Trotsky. It is absurd to think that Russians will long submit to domination by such lawless and tyrannical forces, and there is good reason to believe that after a few more calamities, some sort of reaction will set in against the Bolsheviks that will sweep them out of power and prepare the way for the establishment of a sane and orderly system of government.—Springfield Union.

Asthma No Longer Dreaded. The dread of renewed attacks from asthma has no hold upon those who have learned to rely upon Dr. J. D. Kellogg's Asthma Remedy. So safe do they feel that complete reliance is placed upon it that the certainty that it will always do all that its makers claim. If you have not yet learned how safe you are with this preparation at hand get it today and know for yourself.

Farm Book-Keeping

Only one percent of the farmers of Dunnville, Ontario, engaged in the commission of conservation, is conducting illustration farm work were found to follow a satisfactory method of farm accounting. A proper system has been adopted on which illustrations farms actuated by the commission which will show where profits are made and where losses are incurred, and will be valuable and educational to the rest of the community.—Conservation.

Officer—Now, can you give any reason or excuse why you are continually late, on parade?

Delinquent—Well, sort, I can give any amount of excuses, but rayson. I'm afraid I can't oblige you, soor, Judge.

LOCAL AND GENERAL

Mrs. Whiteside leaves for Toronto on Saturday.

Mrs. Robt. Evans has gone to Edmonton for an extended visit.

The golf course is being put in condition and will be in first-class shape in a few days.

BORN—At Coleman, on Thursday, May 16th, to Mr. and Mrs. Cecil Gower, a daughter.

The latest addition to the Auto Association is Sam Moore with his new McLaughlin.

C. P. Nelson and wife, of Calgary, spent some days here this week. Mr. Nelson is a flat roof expert and, it is understood, secured several contracts in his line while here.

Mr. Mutz, of Vancou, former owner of the Coleman Hotel, was a visitor in town this week.

"Red Sentry" was added to the equipment of Mayor Morison's garage during the week.

Frank Leary and family left on Wednesday night for Calgary, where they will reside in future.

George Johnston, of the P. Burns staff here for some time, is in Calgary to enlist with the Army Service Corps.

R. C. Farrell, of Lethbridge, late manager of the Italian Co-operative store here, was a business visitor on Monday.

A party of farmers from Seattle passed through town on Monday in autos, en route to farms purchased north of Calgary.

R. L. Norman, late of The Bulletin, now with the Imperial Life at Lethbridge, is meeting with gratifying success in his new vocation.

A number from here attended the boxing match at Blairmore on May 24th. The preliminaries were reported fast and interesting, but the main bout was too one-sided to be attractive for spectators.

This issue of The Bulletin is undoubtedly remarkable for the things that are not in it.

Sam Moores is the latest purchaser of a McLaughlin car and is now hitting the high spots.

T. B. Smith, C. P. R. agent, is spending a two-weeks' holiday at Regina, Sask. He is being relieved by H. E. Tustin of Hillcrest.

T. Crawford, of the H. G. Goodeve Co., leaves for Calgary shortly, where he will take a position with the J. H. Ashdown Hardware Co.

The expected German offensive is under way and the allied lines have been forced back at some points. Confidence that the line cannot be broken is general.

The next regular meeting of the Ladies' Auxiliary of the Institutional Church will be held at the home of Mrs. Alex. Easton on Thursday, June 9th, at 7.30 p.m.

H. C. Boucher, of the Canadian Bank of Commerce staff, spent a day at Taber this week, but found the situation there rather depressing for a longer sojourn.

Privates Harry Leary and Clements Grewett were the recipients of a reception and a handsome ring each at the hands of the Next-of-kin Association, recently.

A band of willing workers met in the Institutional Church on Wednesday and Thursday evenings, and with broom and dusters swept all the dirt off the walls and windows.

The Coleman Hotel balcony is being overhauled and other improvements being made, E. Disney having the work in hand. Later the building will be repainted by C. Graham.

Mr. and Mrs. Martin, of Cranbrook, spent a day with Mr. and Mrs. Scott, on their honeymoon trip. Mrs. Martin, nee Miss McDonald, taught the Coleman school two or three years ago.

Mrs. S. Hatfield, treasurer of the Next-of-kin Association, had the misfortune to drop a roll of bills from her hand while returning home from a meeting on Wednesday night. The high wind scattered it in every direction, and only a portion has been recovered.

The Fernie Dramatic Club is billed to appear in the Opera House in Coleman on Wednesday evening, June 5th, in the Farce Comedy "What Happened to Jones" in three acts. The Company has "brought down the house" with this play at Fernie and other places produced, and the citizens of Coleman may rely upon an unusual treat next Wednesday.

Dogs, Horses and Camels Being Eaten In Germany.

Prices Are Very High With Little Hope of Relief.

Camel meat, dog meat and horse meat are being eaten in Saxony by the poorer classes according to the Berliner Tageblatt of April 7, a copy of which has been received in New York.

The camel meat is being sold in Zwicker, and comes from the Mohair camels of the Hagenbeck menagerie, which gave a show in Zwicker in March. The camels were sold to a butcher because of lack of fodder. The larger camels gave from 300 to 400 pounds of meat. The quality of the meat is said to be very inferior.

Consumption of dog meat and horse meat has increased greatly owing to the war time scarcity of meat, and the price has also gone up. Dog meat sells for two marks 75 pfennigs, and horse meat at one mark 30 pfennigs. The condition of affairs in Saxony has reached a point where it cannot become much worse without the population starving.

NEW ARRIVALS

At the Busy Store.
